## Zix Information for Texas Bank and Trust Customers
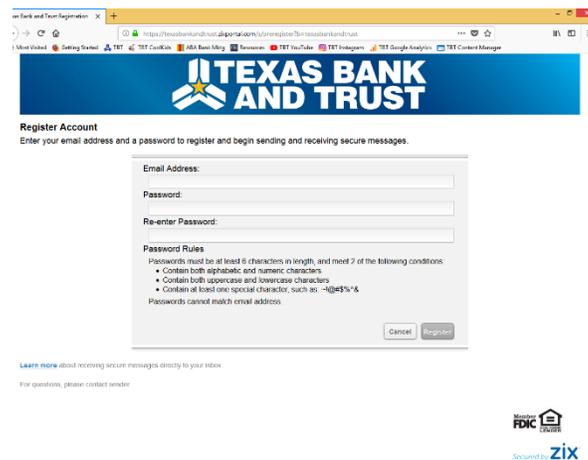

Zix is Texas Bank and Trust's secure email program. Through this program, we are able to communicate securely with you.

**For Texas Bank and Trust customers to use Zix:**

- Visit our website, texasbankandtrust.com
- Under "About Us," select "send us a secure email"
- This window will open:

- For customers new to secure messaging, click "Register." Enter email address and create a password, then click "Register."

- **Once you have created an account and want to send a secure email to Texas Bank and Trust:**
    - Visit our website and click "send us a secure email"
    - Log in to your Zix account:

    - To send an email, click "compose"

    - Enter an email address, subject and body of the email. Include any attachments, as needed. For account inquiries, you may use TBTmyWay@texasbankandtrust.com to ask questions about your account.
    - Click "Send" to send the message

Helpful information:
    - Messages are saved for 30 days
    - Most Internet browsers support Zix, including Internet Explorer, Firefox, and Safari
    - Through Zix with Texas Bank and Trust, customers may only email Texas Bank and Trust employees, any other email addresses will not be sent.
