FALL 2026

HEY THERE, COOL KIDS!

Summer was full of fun and adventure for **Cash McMoney**, **Peggy Banks**, and **Bill Dollar**! Now they are saying goodbye to summer and getting ready for **COOLER WEATHER**, **COLORFUL LEAVES**, and a brand-new school year.

Back to school means backpacks, new supplies, homework, and lots of time using computers and other devices! October is also Cybersecurity Awareness Month, so our **Cool Kids** have some important tips to help you stay safe online.

#1 TAKE CARE OF YOUR CHROMEBOOK: Keep your Chromebook in a safe place, carry it carefully, and keep food and drinks away from it.

#2 KEEP PASSWORDS PRIVATE: **NEVER** share your school passwords with friends or anyone online. A trusted grown-up can always help if you forget your password.

#3 ASK BEFORE YOU DOWNLOAD: Before downloading a new game, app, or file, ask a parent, teacher, or trusted grown-up first.

#4 THINK BEFORE YOU CLICK:

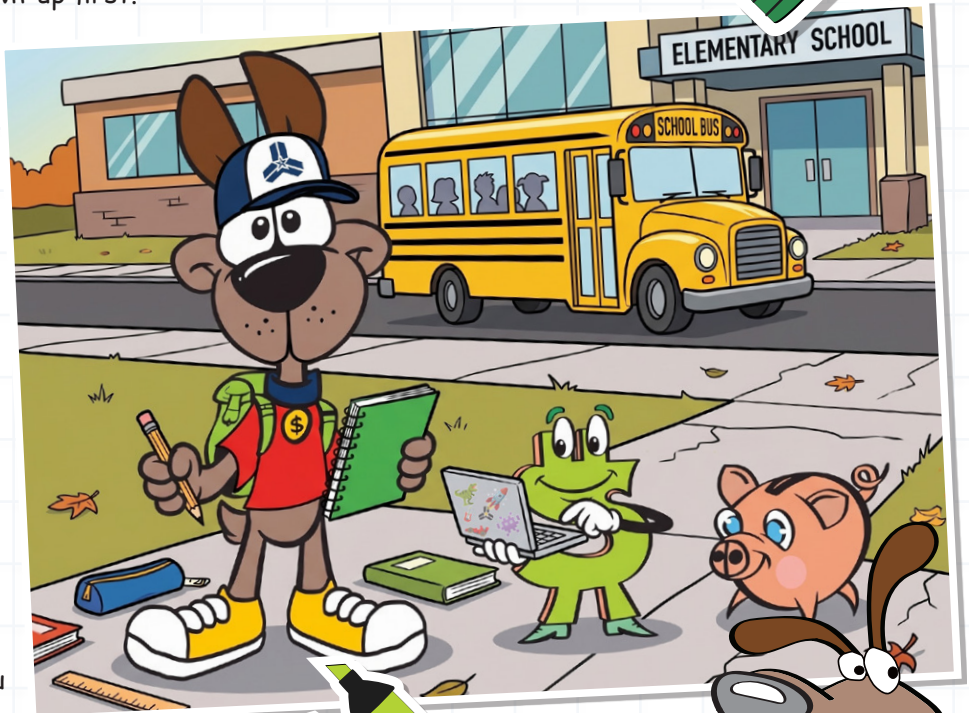

DO NOT click on strange links, pop-ups, or messages. If something looks suspicious, ask a grown-up for help.

#5 PROTECT YOUR PERSONAL INFORMATION:

DO NOT share your full name, address, phone number, school, or other private information online.

#6 USE SAFE WEBSITES: Stick to websites and apps your teacher or grown-up says are okay to use.

#7 SPEAK UP: If you see something online that makes you feel uncomfortable, scared, or confused, tell a trusted grown-up right away.

COOL KIDS TIP: Being safe online is just like being safe in the real world. **STOP, THINK, and ASK** before you click!

Have a great school year!

Your Friend,
Digitz
